TS-520/S, TS-820/S #842

SUBJECT: DS-2 Replaces DS-1A DC-DC Converter

DATE 01/26/81

The DS-1A DC-DC converter for the TS-820 series and TS-520/S has been replaced by a new model, the DS-2. Wiring color code is the same. Physical size is smaller. Two additional mounting holes must be drilled in the transceiver rear panel.
